

Bumper donation for renal unit

A renal patient at Crosshouse Hospital raised the fantastic sum of £1815.00 for the Crosshouse Kidney Patient Support Group.

Malcolm Finlay visited the Renal Medicine Unit in October to present the cheque to delighted staff.

With the help of family and friends, Malcolm raised the terrific amount of money for the support group by organising various events.

They included:

- a sponsored walk
- a car boot sale
- prize bingo
- a "golfathon"
- charity night.

All the events were organised by Malcolm in just four weeks and they all proved to be a great success.
